### NOTICE TO REPUBLICAN WOMEN VOTERS!

The attention of Republican women voters is called to the notice in another column of this paper, "Call for a County Republican Convention." This means YOU. All Republican voters, men and women, will meet in mass meeting, both in the precinct meetings and in the county convention. There will be no segregation of the women voters in the Republican ranks, women not only being entitled to sit with the men in mass meeting but urged to do so by National Chairman Will H. Hayes, who holds that under the Act giving women the ballot, their rights are not abridged in any way and that in the Republican party, a voter is a VOTER, whether man or woman, and the call is to ALL VOTERS.

We urge the women of Beaver county to bear this fact in mind and make it their business to attend the Republican precinct meetings, February 2d, at which time they will be given equal representation with the men as delegates to the county convention at Beaver, February 5th, and subsequently as delegates to the state convention at Oklahoma City, February 11th.

This is the first call to Republican women voters of Beaver county, under the Equal Suffrage Act. Let us fail not to recognize the right and duty which has been given us and show, by our presence in numbers at the precinct meetings, that we are ready and willing to accept the responsibility and discharge our duty faithfully.

Remember, delegates to the county convention are chosen at the precinct meetings. Attend your precinct meeting February 2d.

### MASON MARKETS BIG LOT OF GRAIN

W. L. Mason and son, Charles, marketed a big lot of wheat here last week, and in the latest improved method too. Three wagons, each with two pair of sideboards and loaded to the top with the golden grain, some 275 bushels in all, were hauled to market by them, by the use of a Huber tractor. They brought two such caravans to market here and through the muddy roads of last week when one such wagon load was a good haul for a team. The tractor seems to do the business and this particular one certainly proved that it was a mighty good machine or that it was driven by a mighty capable driver. Perhaps it was some of each which made the trips so easy.

It looked like real business to see that string of wagons and the many other four and six-horse loads of grain which crowded the market here last week. There is a world of grain coming to market these days and still, we are told, the country is full of it. Looks good to us.

### MAD DOG SCARE

Quite an excitement was created Tuesday by the report that a mad dog was at large in the community southwest of Beaver and that it was seen to be coming toward town. A number of stock along the way, including a calf belonging to Frank Henderson and some hogs belonging to W. B. Leonard, we understand were bitten by the rabid dog. Mayor L. L. Long and City Marshal Tedder, upon being informed of the matter, immediately warned the school children and set out in search of the canine. They were successful in locating and killing it but not until it had bitten stock and other dogs. There seems to be no question but that the dog had hydrophobia. Those who know their stock or dogs to have been bitten, should exercise the greatest care in watching for development of rabies. Not knowing just how many or what dogs were attacked by the mad dog, it would be well for all to watch their dogs carefully for the next few weeks.

### CHARGED WITH STEALING WHEAT

Lloyd Smith, of Coon Creek, near Sunset, was arrested this week by field deputy sheriff, C. D. Drum, on a charge of having stolen wheat in his possession.

### CHARGED WITH SELLING EXTRACT

E. E. McPherson, who conducts a grocery store here, was arrested Tuesday, charged with selling extracts unlawfully.

Chas. Hinkle is driving a Buick car these days, a purchase the past week from Frank Laughlin, local dealer.

### CALL TO REPUBLICAN WOMEN VOTERS

Beaver, Oklahoma, Dec. 31, 1919. Call for a County Republican Convention to convene at Beaver on the 5th day of February, 1920, at 2 o'clock p. m., for the purpose of electing ten delegates to attend the State Convention at Oklahoma City, February 11, 1920, and for Precinct Conventions to be held on February 2, 1920, to elect delegates to the County Convention, published elsewhere in this paper, is call for a mass convention of both men and women voters. The Republican party recognizes the woman voter with equal right of the man voter, hence separate meetings of Republican women are not called but all Republican women are URGED to meet in mass convention with the men and select delegates as per the official call.

We wish to urge the Republican women of Beaver county to attend their Precinct Convention and that they be given equal representation with men in the selection of delegates to the County Convention.

ROSCOE RIZLEY,  
County Chairman.  
THOS. P. BRAIDWOOD,  
County Secretary.

### Kansas & Oklahoma Railroad Promoters are Again Looking to the Connecting Link Between Liberal and Oklahoma.

Walter Byers, who is associated with his father, O. P. Byers, in the promotion of the Kansas & Oklahoma railroad line, informed the News-yeaterday that active work will be resumed this week in the matter of endeavoring to secure the proper support from the people of Beaver county relative to the line proposed from here to Beaver.

Considerable support has been pledged to the line, but not enough to anywhere near put it over, but Mr. Byers feels confident that now that his proposition has met with such favor in Kansas counties that it will be less difficult to interest one of the best farming sections of the southwest in the needs of a railroad. At any rate a strong effort is again to be made to build the connecting link between Liberal and Beaver.

What a road would mean to the farmers between Liberal and the towns of Forgan and Beaver is hardly imagined. It would give the towns a rail outlet to the best of markets and develop a community in a way that is hardly imaginable. It is to be sincerely hoped that no efforts will be spared to put this line over and active work may be commenced on it in the near future, the promoters expecting to commence from the Beaver end of the line if the road is assured.—Liberal (Kas.) News.

W. H. Williams, of Boyd was a county seat visitor the past week. Mr. Williams recently conducted a sale of registered big type Poland China hogs, which it will be remembered was largely advertised in this paper two weeks ago. On account of inclement weather the sale was postponed from the first date advertised but reports coming from the sale of the latter date are that this popular type hog, of which Mr. Williams was offering some very fine specimens, attracted a large crowd and netted the owner splendid returns.

Miss Jessie Keith, court clerk, was called to the home of her parents, Mr. and Mrs. Frank Keith, near Hooker, Monday on account of the serious illness of her mother and brother who were ill of influenza.

S. J. Truax, formerly employed in the Truax Hardware store here, but not located at Carrier, Oklahoma, was a visitor in the county seat Monday. He was here with a view to re-locating. We trust that he found what he was looking for and will decide to return and pitch his tent with us again.
